

WITH GOD ON OUR SIDE

The names of the heroes

Wind like a snake

Time marching on

In boots without feet

So many revolutions

Sold as solutions

Someone missing from the table

After delivering the kiss

Brothers in arms, sisters in harm, how ya gonna keep Bobby

Down on the farm.

NEW MORNING

The early bird catches the groove

That syncopation sunrise

The drum-tumble dawn

Double-timing ain't two-timing

You and your nickel-and-diming

Let the metronome lead you home

Flapjacks and a percolator cup

You and your lover, sunny side up.
